

Bid for Myanmar Independent Energy Storage Power Station Project

Who owns a 20 MW solar plant in Myanmar?

Green Power Energy (GPE), a subsidiary of Myanmar's Gold Energy, said in late December that it had started operating a 20 MW solar plant in Myit Thar, Myanmar. GPE built the project on a build-own-operate (BOO) basis, after winning a bid in Myanmar's second tender for utility-scale PV projects.

Why did GPE build a solar power plant in Myanmar?

GPE built the project on a build-own-operate (BOO) basis, after winning a bid in Myanmar's second tender for utility-scale PV projects. The country's second tender was launched in June 2021 - just a few months after Myanmar's military coup in February. It was aimed at independent power producers (IPP) and BOO projects.

How many solar projects are there in Myanmar?

Among the 30 proposed solar sites are four in Ayeyarwady Region, seven in Bago, six in Magwe, five in Mandalay, four in Sagaing, three in Naypyitaw and one in Yangon. Sungrow Power Supply Co. won the tender to implement eight projects, the maximum number of projects among the tender winners.

What is Myanmar's first solar tender?

It was aimed at independent power producers (IPP) and BOO projects. Myanmar launched its first solar tender in May 2020. The Taung Daw Gwin project features 45,980 PV modules from an undisclosed manufacturer and 1,500 V string inverters from Chinese manufacturer Sungrow.

When did Myanmar launch its second solar tender?

The country's second tender was launched in June 2021 - just a few months after Myanmar's military coup in February. It was aimed at independent power producers (IPP) and BOO projects. Myanmar launched its first solar tender in May 2020.

Are solar projects moving ahead in Myanmar's second tender?

While PV projects tendered in Myanmar's second tender are moving ahead, reports from exiles point to problems related to the construction of large-scale solar projects that were allocated in the first tender. Sungrow secured a project in the 2020 tender, but it was canceled in April 2022, for example.
