

Capacitor import data analysis

Which country imports the most capacitors in 2022?

Taiwan holds a prominent position in the capacitor import market, with an import value of 2.1 billion USD in 2022. The country is home to several leading capacitor manufacturers and has a well-established electronics industry. Taiwanese companies cater to both domestic and global markets, contributing to the significant import value.

6. Mexico

Which countries import capacitors?

Malaysia's strategic location and its participation in various trade agreements make it a favored destination for capacitor imports. In conclusion, the world's best import markets for capacitors include China, Hong Kong SAR, Germany, the United States, Taiwan (Chinese), Mexico, Singapore, South Korea, Vietnam, and Malaysia.

Where do capacitors come from in 2022?

With an import value of 5.5 billion USD in 2022, Hong Kong SAR is another significant market for capacitors. The region serves as a major trading hub for electronic components and acts as a gateway for capacitors originating from China to enter global markets.

How did the global capacitor market perform in 2022?

The global capacitor market rose notably to \$X in 2022, picking up by X% against the previous year. In general, consumption, however, saw a prominent increase. Global consumption peaked at \$X in 2020; however, from 2021 to 2022, consumption failed to regain momentum.

What was the average capacitor export price in 2022?

The average capacitor export price stood at \$X per thousand units in 2022, rising by X% against the previous year. Overall, the export price, however, saw a mild decline. The growth pace was the most rapid in 2017 when the average export price increased by X%.

Why are capacitors so popular in China?

The country's electronics manufacturing industry, which is one of the largest globally, has fueled the demand for capacitors. China's booming consumer electronics sector and the presence of several prominent capacitor manufacturers have contributed to its prominent position in the import market.

In this article, we will explore the world's best import markets for capacitors, backed by key statistics and data from the IndexBox market intelligence platform.

1. China. China is the top importer of capacitors ...

In 2023, the average capacitor import price amounted to \$8.5 per unit, picking up by 11% against the previous year. Overall, the import price, however, recorded a relatively ...

Capacitor import data analysis

This report provides an in-depth analysis of the capacitor market in Japan. Within it, you will discover the latest data on market trends and opportunities by country, ...

According to Volza's Global Import data, World imported 2,395,260 shipments of Capacitor during Mar 2023 to Feb 2024 (TTM). These imports were supplied by 56,227 exporters to 30,400 ...

In this article, we will explore the world's best import markets for capacitors, backed by key statistics and data from the IndexBox market intelligence platform. 1. China. ...

This report provides an in-depth analysis of the capacitor market in China. Within it, you will discover the latest data on market trends and opportunities by country, consumption, ...

1. learn about charging and discharging of a capacitor, 2. practice data acquisition, 3. understand the relation between mathematical expressions, through curve fitting techniques 4. practice ...

This report provides an in-depth analysis of the global capacitor market. Within it, you will discover the latest data on market trends and opportunities by country, ...

The average capacitor import price stood at \$61 per unit in 2023, rising by 21% against the previous year. Overall, the import price saw a prominent expansion. ... This report ...

A thorough price analysis of Smd Capacitor And Hsn Code 85322300 imports can help identify the most cost-effective suppliers, lucrative markets, and profitable buyers. The per-shipment ...

o 1250 Capacitors provided -we generated over 29,500 values for the analysis o Convergence harvested data from MFG part numbers. o 12% (150) of the capacitors were exact duplicates ...

The average capacitor import price stood at \$16 per unit in 2023, picking up by 15% against the previous year. Overall, the import price continues to indicate prominent ...

This paper aims at examining the concept of semi-conductor export and import in India using the given big data by performing descriptive analysis in order to gather information about the ...

Yunxing specializes in manufacturing aluminum electrolytic Snap-in and polymer capacitors, Products cover LED lighting, charger, adaptor, audio amplifier capacitors, Asia's, ...

This report provides an in-depth analysis of the capacitor market in Brazil. Within it, you will discover the latest data on market trends and opportunities by country, ...

The electric capacitor industry from transmission & distribution end-use market is expected to grow at a CAGR of over 6.2% by 2034, driven by the need for capacitors that enhance power quality and grid stability.

Capacitor import data analysis

4 comprehensive market analysis studies and industry reports on the Capacitors sector, offering an industry overview with historical data since 2019 and forecasts up to 2029. This includes a ...
