#### Who makes solar street lights in China?

SLD, the top 10 solar street light manufacturer, has been in the business of solar led light in China for 12 years, with a professional technical team to provide solar street lighting solutions for various inquiries. Let a true industry veteran provide you with high-quality solar-powered street lights.

#### What are solar street lights made of?

The poles of these outdoor solar street lights are made from Q235 steelhot-dip galvanised then finished with a plastic spray, and the LED luminaires are made from die-cast aluminium profiles that are corrosion resistant and can withstand a variety of harsh weather conditions for installation, including sandy and salt spray environments.

## Are solar street lights a good choice?

A great choice for remote and off-grid locations. All-in-one solar street lights are designed for a variety of outdoor applications, including: Residential areas: Lighting up residential areas, parks, and gardens. Rural areas: Rural areas where there is no access to electricity or where the power grid is unreliable.
