

Chinese Enterprise Battery

Who makes EV batteries in China?

Currently in China, in addition to well-known battery giants like Contemporary Amperex Technology Co Ltd and BYD, peers such as CALB, Gotion High-tech Co, Sunwoda and Eve Energy are also among the world's top 10 EV battery makers. All of these battery giants have announced plans to expand foreign business.

How many EV batteries are there in China?

Industry bodies estimate that there are roughly 50 Chinese EV battery groups producing in the world's largest car market, leading to a survival game that is set to intensify as they face fierce competition for technology and stricter government regulations.

Does China Export EV batteries?

From 2020 to 2023, China's global EV exports increased by 851 percent, with the largest share of those exports (nearly 40 percent) going to Europe. Collectively, Chinese EV and EV battery enterprises have at least equaled--and in some cases surpassed--their Western peers in innovation capacity and product quality.

How much subsidies did China give to EV battery makers in 2023?

In 2023, the Chinese government extended \$809 million in subsidies to EV battery maker CATL (more than double the \$401 million it provided in 2022) and \$208.9 million to EVE Energy (China's fourth-largest EV battery producer). From 2018 to 2023, the Chinese government extended a total of \$1.8 billion in subsidies to CATL alone.

Are China's eV and EV battery companies a mercantilist?

China's EV and EV battery companies have also benefitted from other "innovation mercantilist" policies including local content requirements, forced technology transfer, and state-blessed IP theft.

Are Chinese EV and EV battery companies better?

Collectively, Chinese EV and EV battery enterprises have at least equaled--and in some cases surpassed--their Western peers in innovation capacity and product quality. Chinese EV companies are 30 percent faster in developing and releasing new car models than are so-called "legacy" American, European, and Japanese carmakers.
