Should your master bedroom storage ideas include a walk-in dressing-room?

Discussing your master bedroom storage ideas may have led to a fitted wardrobes vs freestanding debate. And while there's pros and cons for each kind, if you are able to carve up your master bedroom ideas to include space for a walk in dressing-room, then it's likely you'll be leaning more towards built in storage ideas.

How to create a feng shui bedroom for good energy?

There are many ways you can create a Feng Shui bedroom for good energy. Besides avoiding the Feng Shui death position and learning where bedroom mirrors should go in Feng Shui, you can also create good energy through smaller details and decor pieces. Here are seven ways experts recommend. 1. Balance Feng Shui elements

What makes a good master bedroom?

Focus on the bed 'A bed is the dominant feature of master bedroom ideas,' says Mariana Ugarte, Co-Founder, Interior Fox. 'It is the focal point and acts as a base to centre the rest of your scheme around. An upholstered headboard is an easy way of injecting colour and texture into your bedroom, whether a vibrant velvet or natural linen.'

How do you design a master bedroom?

'When designing a master bedroom, it's important to first consider the layout of the room,' says Chelsea Clark, head of marketing at I Love Wallpaper. Her advice for bedroom layout ideas? 'Positioning your bed as the focal point, typically against the main wall, instantly sets the stage for comfort and style.'

Do you need a large master bedroom?

You don't need a large master bedroom to make a statement. Give a room plenty of punch with a wallpapered feature wall. This dramatic oversized floral design is a dream bedroom wallpaper idea, paired with a clamping colour scheme of pink and navy blue, to make sure the space doesn't feel overwhelmed.
