

Is there a warranty for new energy battery replacement

Are GivEnergy batteries backed by a warranty?

All GivEnergy batteries and inverters installed and fully commissioned by UK Green Energy Installations will be backed by the 12 year warranty. All systems must be: Fully commissioned and installed by UK Green Energy Installations (a certified GivEnergy Installer). Receive a health check every 5,8 and 10 year period.

How long does a battery warranty last?

If your battery has a defect or mechanical issue, if it breaks, or experiences unreasonable wear and tear, that's where your product warranty comes into play. Nowadays, most manufacturers offer at least 10 years of coverage under a product warranty, while some premium options have up to 20 years of protection against product defects.

What is a solar battery warranty?

Solar battery warranties vary by manufacturer and product. A standard battery warranty should come with at least 10 years of protection, though it can be shorter depending on how often you charge and drain your battery.

Does a battery warranty cover labor costs?

Battery warranties typically won't reimburse for labor costs associated with installing new equipment or shipping fees for new equipment. Comparisons should focus on product warranty terms, end of warranty capacity, labor warranty terms, and transferability. Based on our ranking system, SolaX Power has the strongest overall warranty.

Does GivEnergy come with a 12 year warranty?

We've recently announced some game-changing news: all GivEnergy residential battery storage systems fitted as of 11/09/2023 will come with an industry-leading 12 year warranty. You'll no doubt have questions about the finer details of this new policy change. So, we've put together a handy FAQ to answer those questions for you.

Does a battery storage system need a warranty?

A battery storage system is a decades-long investment that a warranty can help protect. The less power your system stores, the more your home may need to draw from the utility company, which eats into your savings. A good warranty ensures that if your battery experiences a problem, that it will be replaced and your investment will be protected.
