

National battery inspection-free brand

Does National offer a free battery health check?

At National, we offer a FREE battery safety check which can be booked online, with the check taking place at a branch local to you. Our free battery health check will be able to identify any underlying faults with the battery. If no underlying faults are found, this free check will give you that extra peace of mind.

What is the NCC verified leisure battery scheme?

That's why they started the NCC Verified Leisure Battery Scheme. In this, leisure batteries undergo an industry-leading testing process and are provided with one of three ratings: NCC verification is therefore the easiest way to find a high-quality battery, and that's why Halfords only sells NCC verified batteries.

Is it time for a new battery?

If you have difficulty starting your vehicle, then this could also indicate that it is time for a new battery. At National, we offer a FREE battery safety check which can be booked online, with the check taking place at a branch local to you. Our free battery health check will be able to identify any underlying faults with the battery.

Why do I need a free battery check?

A free battery check is ideal if you are planning on driving a long journey or if you haven't driven your vehicle for an extended period of time. At National, as part of our servicing packages, the condition of your battery and charging rates are checked as part of our Interim and Full Servicing packages.

Does Halfords sell NCC verified batteries?

NCC verification is therefore the easiest way to find a high-quality battery, and that's why Halfords only sells NCC verified batteries. Any battery verified by the NCC should also be labelled accordingly so you can be sure you're getting a product that's been thoroughly tested - but what do the different NCC ratings mean?
