

New Energy Battery Lifetime Warranty True or False

How long does a battery warranty last?

If your battery has a defect or mechanical issue, if it breaks, or experiences unreasonable wear and tear, that's where your product warranty comes into play. Nowadays, most manufacturers offer at least 10 years of coverage under a product warranty, while some premium options have up to 20 years of protection against product defects.

Does a battery warranty cover labor costs?

Battery warranties typically won't reimburse for labor costs associated with installing new equipment or shipping fees for new equipment. Comparisons should focus on product warranty terms, end of warranty capacity, labor warranty terms, and transferability. Based on our ranking system, SolaX Power has the strongest overall warranty.

Does the warranty cover given energy battery storage?

In a nutshell, the warranty covers any GivEnergy residential battery storage system installed from 11/09/2023 - no matter which specific battery and inverter model are fitted. What products does the warranty not cover? Different warranties apply for: Please see product datasheets or refer to any existing warranty documents for details.

What is a solar battery warranty?

Solar battery warranties vary by manufacturer and product. A standard battery warranty should come with at least 10 years of protection, though it can be shorter depending on how often you charge and drain your battery.

Does given energy come with a 12 year warranty?
