What is a car battery warranty?

Think of a car battery warranty as a promise from the manufacturer or retailer. It assures you that if your battery doesn't perform as expected within a certain timeframe, they've got your back. Whether it's a repair, replacement, or even a partial refund, the warranty has you covered. The duration?

Does a car battery warranty cover defective battery components?

When it comes to car battery warranties, coverage for defective battery components is an important factor to consider. A warranty that covers defective battery components ensures that you're protected against any faults or malfunctions in the battery itself.

Are batteries covered by a warranty?

Batteries used in a commercial or professional application, such as taxis, driving instructors, emergency services, works vehicles, etc., are not covered by the full term of the warranty but instead come with a 6 month warranty. How does the guarantee work? The guarantee covers any manufacturing defects which arise within the guarantee period.

How do I get a car battery warranty?

Contact the nearest authorized battery dealer and register with them. Submit the required details, such as the warranty period and warranty evidence. Make a note of the date of manufacture, along with the model and make of the car, while filing the claim. Here are the types of car battery warranties available:

Do EV batteries need a car warranty?

If the battery isn't functioning at its full capacity, its range will start to decrease, requiring the driver to recharge it more frequently. Without a car warranty, EV batteries are very expensive to repair or replace, so having battery coverage for long enough to cover most of a battery's lifespan is imperative.
