

Where is the Copenhagen Energy Storage Exhibition

How many companies exhibited in Copenhagen?

The exhibition was sold out 100%! Over 500 companies and brands took their places across the venue - a cross-section of the entire wind energy value chain, from across Europe and beyond. With plenty of outreach and opportunities to strike new deals and partnerships! See who exhibited in Copenhagen this time around.

What is FusionSolar Energy Storage Summit Europe 2023?

As a global and innovative Smart PV and energy storage solution provider, we are honored to invite you to join us at one of the flagship events of the year, FusionSolar Energy Storage Summit Europe 2023 on 17th - 18th October, 2023 at Axelborg in the heart of Copenhagen, Denmark.

Where can I find a pavilion of Denmark in Copenhagen?

Danish Wind Export offers our Pavilion of Denmark concept again in Copenhagen. Pavilion of Denmark will be found in Hall E and part of Hall C1 where Danish Wind Export offers a variety of booth solutions with prime location. Turnkey booth solution from 9 sqm and up. Joint service area with refreshments during the day for you and your guests.

Why should you attend the Energy Storage Summit?

Meanwhile, you are also invited to a site visit, where you are allowed to witness the energy storage technology in action, and experience the innovation up close. We believe this summit presents a great opportunity for you to enhance your industry insights and foster meaningful collaborations in the field of energy storage.
