

Who should I contact to solve the warranty problem of new energy batteries

How do I prevent battery problems causing warranty claims?

Once you've selected suitable batteries, proper maintenance is the best way to avoid battery problems that lead to warranty claims. Regular checks per recommended maintenance guidelines extend battery life and ensure batteries operate within the warranty terms - and go a long way toward safeguarding your investment.

What is a solar battery warranty?

Solar battery warranties vary by manufacturer and product. A standard battery warranty should come with at least 10 years of protection, though it can be shorter depending on how often you charge and drain your battery.

Does the warranty cover GivEnergy battery storage?

In a nutshell, the warranty covers any GivEnergy residential battery storage system installed from 11/09/2023 - no matter which specific battery and inverter model are fitted. What products does the warranty not cover? Different warranties apply for: Please see product datasheets or refer to any existing warranty documents for details.

Does GivEnergy offer a warranty on home batteries?

Home storage batteries generally come with a maximum warranty of 10 years. However, GivEnergy has gone above and beyond to offer a 12-year warranty on all residential batteries, residential inverters, and the All in One. All warranties come with caveats - something you should ask your installer about before home battery installation.

What is a battery warranty?

Also known as a materials warranty, a battery's product warranty covers the integrity of the equipment itself. If your battery has a defect or mechanical issue, if it breaks, or experiences unreasonable wear and tear, that's where your product warranty comes into play.

What questions should I ask my GivEnergy installer before installing a battery?

Home battery installation is a big step but it needn't be stressful. For peace of mind, make sure to ask your installer a few questions beforehand - from the Ts & Cs of your warranty, to where the system can be installed, and everything else in between.
